SENSATIONAL AFFAIR

Tale of Crime Replete With Cruel Craftiness.

WAS SHE LURED TO DEATH?

Nephew of Mrs. Eberhard, a Well-to-Do Viennese Widow, Is Thought by the Police to Have Killed His Aunt To Obtain Money.

New York, July 21.—The tale of a crime so revolting and replete with cruel craftiness as to be almost unbelievable, is told in the case of Mrs. Ottilie Eberhard, a well-to-do Viennese widow, whose body was found on the railroad track in a lonely section of Hackensack, N. J., early Sunday.

At first it was believed that the woman had been struck by a train and killed. Subsequently it was revealed that she had been murdered and her body placed upon the track. It was with this discovery that there came the first intimation of the deep and cunningly executed plot which places the case almost in a class by itself in the history of crime.

As a result of investigation, the police are now searching for August Eberhard, the dead woman's nephew, who had importuned Mrs. Eberhard to come to this country and to bring with her her little fortune of \$2,600 and her twenty-year-old daughter whom August had promised to marry. It was largely due to the story told by the daughter after the finding of the elder woman's body that the search for August was begun.

August is wanted to tell what he knows of the circumstances related by the girl, who was to have been his wife. The young woman herself, however, refuses to believe that August had any part in the tragic death of her mother.

Alleged Plot of Eberhard.

According to the police, Eberhard had been at work for months carefully plotting the crime to gain possession of the little fortune that his aunt in Austria possessed. He wrote many letters painting in glowing colors the riches that would be hers if she only would leave the old home in Austria and come to this land. The woman's daughter, aged twenty, also bearing the name of Ottilie, Eberhard promised marriage if they would but come to America. Finally yielding to his importunities, Mrs. Eberhard and her daughter arrived in New York last Thursday, the mother carrying \$2,600 in the bosom of her dress. Eberhard, who had been employed in a grocery store in St. Nicholas avenue, asked his employer for a vacation on the day of the women's arrival, and met them at the pier. After settling them temporarily at a little hotel at Tenth avenue and Twenty-third street, he took the elder woman to a money changer, where her little store of wealth was quickly converted into American notes.

Suggested a Trolley Ride.

It was the intense heat of Saturday afternoon which furnished the pretext for the trip to the country. Eberhard suggested a trolley ride in New Jersey. Mrs. Eberhard consented to the trip and the three crossed the Hudson by ferry on their way to the country. At Rochelle Park, two miles west of Hackensack, the nephew suggested they take a walk, and the three left the car to stroll through the fields. Evening found them at a lonely spot on the track of the New York, Susquehanna and Western railroad. Eberhard told the women he had lost his way. A storm broke and the trio pushed ahead down the track when a deafening crash of thunder came and the elder woman stumbled.

"I have been struck by lightning," she screamed, as she fell in a heap by the track.

A Fusillade of Shots.

At the same instant, Miss Eberhard saw a flash, coming evidently from behind a car on a siding nearby and then a second and a third, as her

mother fell to the tracks, the girl felt a bullet graze her own neck, cutting a thin gold chain from which a locket was suspended. Suddenly Eberhard urged her to run, and as a second bullet ploughed into her shoulder she started down the track screaming. Once she turned back to see if her mother was following her, and again there was a shot which passed above the bridge of her nose, the blood from the wound half blinding her.

Fled Through Storm.

Through the darkness and the storm the wounded girl kept up her flight until she reached a cottage where she was taken in and cared for until Sunday, when the storm had passed. Then the Hackensack police were notified.

In the meantime an engineer on a passing milk train had seen the body of the woman on the track and when he arrived in Jersey City he telephoned to the coroner of Hackensack.

Upon visiting the spot indicated by the engineer, the coroner found the body of Mrs. Eberhard, horribly mangled. Close examination, however, showed that the woman had been shot twice and was dead when the train struck her.

ANTI-RACING LAW IN EFFECT.

Prohibits Bookmaking, Betting or Gambling in Louisiana.

New Orleans, La., July 21.—Much interest is centered here in the outcome of the so-called anti-racing law which went into effect Monday. The law which was passed at a recent session of the legislature after a spirited fight prohibits book-making, betting or gambling in any form on horse races.

The races at the track of the Louisiana Driving Club were discontinued Saturday, but the interest lies principally in the effect of the law on the long racing season which has been a feature every winter in New Orleans for over a century.

No definite plans have yet been made by the owners of the two big racing stables here, the City Park track and the Fair Grounds track, but it is probable that it will be arranged to hold short meets at both of these tracks during the coming winter and the law may be given a test.

CELEBRATES 80TH BIRTHDAY.

General Roger D. Pryor Was Member of Confederate States Congress.

New York, July 21.—Ex-Judge Roger A. Pryor, of the supreme court, member of the confederate states congress, confederate general and a life-long democrat, celebrated his 80th birthday Sunday.

A few friends called to see him, and the large desk in the library of his home in West Sixty-ninth street held two huge bunches of beautiful flowers. But he spent the day—as he spends most of his time now—with his books and flowers. Mrs. Pryor is his constant companion.

Ex-Judge Pryor was the youngest member of the convention which nominated Franklin Pierce at Baltimore in 1852 and he yet has decided opinions of politics.

400,000 Sought Cool Breeze.

New York, July 21.—It is estimated that 400,000 people were at Coney Island Sunday hunting a breeze; but it was hot even at that resort and the mercury went as high as 96 degrees. Some 25,000 persons had spent most of the previous night on the sand in bathing suits, and the attending police were kept busy all day and they picked up fifty youngsters who had become separated from their parents.

Valuable Suit Case Stolen.

Chicago, Ill., July 21.—A suit case containing stocks, bonds and other securities valued at \$10,000, and belonging to John Burford, of Chatham, Tenn., was stolen by a thirteen-year-old boy, it was learned by the police. The theft occurred in the federal building while Mr. Burford was listening to the trial of a case in the United States court.

American Wins.

London, July 21.—The second heat of the semi-finals in the 100-metre swim in the Olympic games was won easily by Daniels, American. Time 1:19.16. Person, of Sweden, second. The first heat in the semi-finals of the 100 metres was won by Dehalmay, of Hungary; Julia, of Sweden, second; Holmer, third. Time 1:09.2-5.

6 KILLED AT CROSSING

Fast Passenger Train Dashes Into an Automobile.

OCCURRED AT COLUMBIA, IND.

Train Was Running Sixty Miles an Hour, It Is Said, Striking the Touring Car With Terrible Force—Occupants Instantly Killed.

Columbia City, Ind., July 21.—C. S. Sherman King and his wife, two daughters, a girl friend of the daughters, and the chauffeur, all of Fort Wayne, were instantly killed at a Pennsylvania crossing near here on Saturday afternoon, when an automobile, in which they were riding, was struck by the eastbound Manhattan limited, running sixty miles an hour.

The party was in Mr. King's touring car, bound for the King cottage at Lake Wawasee, to spend Sunday. The accident occurred while the machine was standing on the eastbound track of the crossing, waiting for the passing of a westbound freight train. The eastbound limited, crashing around a sharp curve near the crossing, was unseen and unheard by the automobile party until almost on the crossing.

The chauffeur made a frantic effort to back the car off the track when he realized the danger, but he was too late, and an instant later the locomotive crashed into the machine, smashing it to splinters and hurling the occupants in all directions. None of the victims lived more than two minutes after the accident.

NO DRINKING ON TRAINS.

Passenger Cannot Even Imbibe from His Own Flask.

New Orleans, July 21.—Drinking even out of one's own flask on railroad passenger trains in Louisiana constitutes a misdemeanor punishable by fine or imprisonment or both. This law, which was passed by the last legislature, went into effect Monday.

Heretofore there has been no law to prevent a man from stockpiling his grip in a wet town and imbibing to his heart's content whether the train happened to be running in dry or damp territory.

The law is sweeping in its character. It makes it unlawful for any person to drink intoxicating liquors of any kind in or upon any railway passenger train or coach or closet or vestibule or platform, except in case of actual sickness. After a hard fight a resolution was added which makes the law inapplicable to stimulants taken with meals in a regular dining car.

Trainmen are vested with authority as police officers and the various companies are given instructions not to permit any violations of the law.

Crazed by Pain, Shot Self.

Savannah, Ga., July 21.—Crazed by pain and seeking any method to be free of it, Mrs. Peter G. Leist fired a bullet through her brain Sunday while her husband was riding his bicycle at breakneck speed to a drug store to obtain medicine to relieve his wife's pain. When he returned to his home he found his wife dead with her hand clutching the pistol he had left near her for protection. Her seven-year-old baby lay asleep in a crib in the room where she committed suicide and was awakened by the shot.

Farmer Killed from Ambush.

Nashville, Tenn., July 21.—In Putnam county, Tennessee, seven miles southeast of Cookeville, Sunday, Peter Kirby, a farmer, was shot from ambush and fatally wounded. Carson Allen, another farmer, has been arrested charged with the crime. Bad blood had existed between the men for some time.

Frud Resulted Fatally.

Nashville, Tenn., July 21.—As the culmination of bitter feeling of long standing, James Benson, a farmer, shot and instantly killed Elijah Seals, a neighbor, Sunday afternoon, near Hermitage, this county. Benson was arrested and placed in jail in this city.

MYSTERY OF HAZEL DREW.

No Clue, as Yet, Found to Murderer of the Girl.

Troy, N. Y., July 21.—Teal pond where Hazel Drew's body was found, with its tell-tale evidence of the foul murder, was visited Sunday by several thousand people.

Teal pond is about 12 miles from Troy. No new facts in the investigation of the crime were developed, though there is a possibility that there may be new clues developed shortly.

District Attorney Jarvin O'Brien and County Detective Kaye are bending every effort to ascertain the whereabouts of Hazel Drew on Monday night, July 6. It is the firm belief of the district attorney that if some one can be found that will tell voluntarily, or who may be made to tell where the girl spent the night, a long step will have been taken in the direction of locating the author of the crime. The officers here are keeping a close watch on several, who have figured prominently in the investigation thus far. No date for the inquest thus far has been set.

It is hoped by the officers of the county that a reward of \$1,000, offered by the sheriff for the capture and conviction of the murderer, will bring forth some person who will be able to furnish information which may lead to an arrest.

STABBED HIS WIFE AND CHILD.

Tampa, Fla., Man Arrested, Charged with Serious Crime.

Tampa, Fla., July 21.—James B. Lewis, clerk at the Tampa Northern railway freight office, who Saturday stabbed his wife and seriously stabbed his son, aged three years, at their home, was captured Sunday morning in the woods near Sulphur Springs line car barns, but the mob which had been searching for him all night, intent on lynching him, had disbanded and he was taken quietly to jail.

Lewis had a dangerous wound in his breast and declared his wife stabbed him with a pair of scissors before he attacked her.

The wife will die. She claims Lewis stabbed her and her son because she refused to live with him. Divorce suit had been filed by the woman against him.

While officers and the mob with bloodhounds were scouring the country for him Lewis was hidden behind a fence only a block distant from the scene of the crime.

COMER VISITS MINING CAMPS.

Governor Believes Strike Trouble in Alabama About Over.

Birmingham, Ala., July 21.—Governor Comer, accompanied by Mrs. Comer and three daughters, made an automobile tour of the various mining camps, addressing the miners and soldiers at each camp, and was enthusiastically received. Upon returning to Birmingham, the governor stated that he had found the district peaceful and that he had reason to believe the end of the trouble was near at hand.

In spite of that fact, however, the governor notified the adjutant general that owing to uncertainty of the strike situation state troops must not be permitted to leave Alabama for any encampments before the expiration of two weeks.

The troops were to have left for the maneuvers at Chickamauga park July 23.

Drowned in Sight of Wife.

Worcester, N. H., July 21.—Walter D. Martin, president of the common council of Malden, Mass., who has been spending the summer with his wife and two children on Pine Island in Lake Winnepesaukee, was drowned in the lake Sunday while rowing in front of his cottage, and within sight of his wife. His boat was capsized in a sudden squall. When Mrs. Martin saw her husband sink, she collapsed.

Ex-Confederate Killed.

Winchester, Va., July 21.—John R. Chapman, a wealthy resident of this city, sixty years old, and an ex-confederate, was murdered Friday night at Manassas, Va. The motive is believed to be robbery. Mr. Chapman had large business interests at Manassas, and had gone there to look after his mill and stores. In chandeliers recently burned some of his property there.

COAL MINERS' STRIKE

Quietness Reigns, But Soldiers Ready For Emergency.

SOME MEN RESUME WORK

Statement Is Made by the Miners, However, that the Union Is Still Strong and that Additions Are Being Received Daily.

Birmingham, Ala., July 21.—The third week of the coal miners' strike in Alabama started off with quietness reigning in all sections.

The military at Blossburg and Republic, in the western part of the county, is spending time in maneuvering around the camps and adjoining hills, but not getting far from the basis. A number of strike breakers were sent out from Birmingham Monday morning and placed at work in the mines. Reports from Mary Lee, Wyllam and other places were to the effect that a number of the old men have returned to work.

The statement is made by miners that the union ranks are still strong, and that additions are being received daily. A number of strike-breakers were put to work pulling coke at Wyllam.

The sheriff's office was a busy place again Monday. Sheriff Higdon is placing his regular deputies in charge of the special men at mining camps to eliminate as far as possible all feelings on the part of the miners. All speeches on part of the miners, all speeches have been in the vein that the trouble has been caused by the special deputies put into the field through the sheriff's office.

One military company is now guarding the second galling gun placed on a car at the passenger depot in the city, prepared to go out into the district at any moment.

VALUABLE PACKAGE GONE.

Disappeared From Des Moines Office of Adams Express Co.

Des Moines, Iowa, July 21.—A package containing \$11,000 has disappeared from the Des Moines office of the Adams Express company. It was one of three identical packages, and while the other two reached their destination without mishap, this one has completely vanished.

It is understood that the packages of currency were consigned by a Des Moines bank to an outside address, and that this one was either lost or stolen from the office of the Adams Express company.

A vigorous search in which several of the company's most efficient men are engaged, is, however, still being prosecuted.

Electrocuted at Sing Sing.

Ossining, N. Y., July 21.—Charles N. Rogers and Angelo Laudiero were electrocuted in Sing Sing prison early Monday. Two contacts were given in each case. The crime for which Rogers paid the death penalty was the killing of Willis and Frederick Olney, brothers, at their farm house near Middleton, N. Y., Oct. 6, 1905, and following the dual crime soon after by killing Alice Ingerick, daughter of Mrs. Georgia Ingerick, the Olney brothers' housekeeper, whom he also assassinated.

Taft Attends Dedication.

Hot Springs, Va., July 21.—William H. Taft was Monday present at the dedication of a new courthouse at Germantown, Va., five miles from Hot Springs, and officiated in the opening session of the court. He delivered an address upon the administration of justice by the court. The news that the republican candidate for the presidency would be present, caused a large gathering of Virginians from this section of the state.

\$5,000,000 Company Chartered.

Montgomery, Ala., July 21.—The Mobile Cement company, capital five million dollars, has filed its charter and will begin work at St. Stephens, Ala., at once. E. L. Russell, vice president of the Mobile and Ohio, is a stockholder.

COUNCIL AIDS THE HOSPITAL ASS'N

Assists the Stockholders in Liquidating the Large Indebtedness.

INSTITUTION WAS WORTHY

City Attorney Broome Was Instructed to Proceed to Enforce the Collections for Sidewalks and Gutters on Church and Mechanic Streets.

The City Council met Monday evening at 7:30 o'clock pursuant to adjournment, with President Shands, Aldermen Broome, Burnett, Cannon, Graves, Vidal, and Clerk and Treasurer Dell in their respective places.

Alderman Burnett moved that the city clerk turn over the check from J. J. Haymans for \$1,000 in payment for the city lot to be deposited with the other moneys, as required by the ordinance; which was adopted.

Alderman Burnett moved that the clerk be required to bring all coupons, warrants, bonds and other vouchers in his possession before the council to be destroyed; which was adopted.

On motion of Alderman Burnett the sum of \$250 was appropriated from the license fund to have the city ordinances properly codified and indexed.

Alderman Burnett moved that the clerk and treasurer be instructed to pay out of the fine and cost fund \$200 for the relief of the Hospital Association. Alderman Cannon moved as an amendment to this motion that it be increased to \$250, which amendment was voted upon and adopted.

Alderman Cannon moved that the survey of the lot bought by the city from Huff be referred to the city attorney; which was adopted.

Alderman Cannon moved that the request and recommendation of the Board of Public Works "to allow certain property owners on West Liberty street to pay the expense of litigation and to pay part of their assessment and the balance in one and two years, and to exempt them from the interest up to the present time," be granted; which was adopted.

Alderman Cannon moved that the rules be waived and ordinance No. 163, an ordinance entitled "An Ordinance to provide for the election of a city attorney by the City Council of Gainesville and to prescribe his salary," be placed upon third reading and final passage; which was adopted. The roll being called upon the passage of the ordinance those voting yea were Mr. President, Aldermen Cannon, Graves, and Vidal. Nay—Alderman Burnett; Alderman Broome not voting.

On motion of Alderman Vidal the rules were waived and ordinance No. 164, an ordinance entitled "An Ordinance to regulate and control the streets and grounds of the city of Gainesville, and to prevent the ob-

struction and encroachment upon same, and to provide a penalty for the violation thereof," was read a third time and placed upon its final passage. The roll being called the ordinance was adopted by a unanimous vote.

Alderman Cannon moved that the resolution directing City Attorney Broome to proceed to enforce the collections for sidewalks on Church and Mechanic streets be adopted. Upon the roll being called every member voted yea except Alderman Burnett, who voted nay; so the resolution was adopted.

Alderman Cannon moved that the resolution referred to W. S. Broome, instructing him to proceed to enforce the collections on Church and Mechanic streets be adopted. All members voted I but Alderman Burnett, who voted no.

Alderman Burnett moved that the matter of taxes on the Elks' Club be referred to a committee consisting of the mayor and the chairman of the finance and ordinance committees; which was adopted.

An adjournment was taken until their next regular meeting on the first Monday in August.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Serious Condition of Mr. Emerson.

News was received in this city last night of the serious condition of Mr. A. H. Emerson of Tacoma, and fears were entertained that he would be able to survive through the night. He has had lung trouble for quite a while and this, coupled together with malaria, has proven too much for his weak physical condition. Dr. Montgomery, who is attending him, yesterday called in the services of Dr. McKinstry, Sr., of this city.

Help for Those Who Have Stomach Troubles.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

NORMAL SCHOOL NOTES.

Attendance Exceptionally Good for Last Week of the Term.

Prof. W. D. Carn, superintendent of public instruction for Marion county and member-elect to the next Legislature, visited the Normal yesterday in search of teachers. Prof. Carn left on the afternoon train for a week's stay at Daytona. He was accompanied by his two sons.

Devotional exercises at the Normal yesterday morning were conducted by Dr. J. P. Hilburn of Sutherland College. After the chapel exercises Prof. Mora delighted the Normal with choice piano selections.

This, the last week of the Normal, is holding up remarkably well.

Alachua has thirty-five matriculations in the Normal. Some Alachua county teachers cannot understand why other teachers are advanced more rapidly than they in positions and salaries. The Normal register will explain. The day has come when the people do not need the teachers who do not need the Normal.

Marion county has appropriated fifteen dollars apiece for each of her teachers attending the Normal. A wise act.

Never before has the demand been so great, nor the pay offered so good, as at present for experienced principals. There is an ample supply of the raw product, but not enough of the finished.

HAD LARGE ATTENDANCE.

Open House to Teachers Proved an Enjoyable Entertainment.

The open house tendered the teachers of the Summer Normal at the Elks' Home last night proved an enjoyable and pleasant affair.

As early as 8 o'clock the large and spacious building of the Elks was comfortably filled by the teachers and their friends, who had come to spend the evening among the citizens of the city.

An interesting musical program was one of the features of the evening, after which light refreshments were served.

The teachers were introduced to all present, everyone was made to feel at home, and the occasion will long be remembered by them for the royal manner in which they were entertained.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by all druggists.

A. C. L. Acts Promptly.

The force of surveyors of the A. C. L. railway, together with the road-master of this division, were yesterday busily engaged surveying their line in this city in order to designate the number of brick required to do their part of the paving according to the recent resolution passed by the City Council.

Died from His Wounds.

Manila, July 21.—Lieutenant Guy Burr, who was wounded July 10 in an attack on outlaws at Cota, on the Isle of Mindanao, has died from his injuries. Lieutenants Burr and Whitney, commanding a detachment of constabulary, stormed Cota, which was occupied by the outlaw Uyan. Fourteen of the outlaws were killed and two more were captured.

PALATKA WON IN THE NINTH INNING

With Two Men Out Dillon Stole Home, Winning the Game.

WAS THE BEST GAME OF SEASON

The Game Was Fast and Exciting and Many Pretty Plays Made—Watson's Great Catches Feature of Game. Sheats Allows Only Two Hits.

The fast set of ball players from Palatka—and they are ball players, what we want to impress upon your minds—arrived yesterday over the Jacksonville and Tampa railway on schedule time.

It was not easy work for them to capture the honors but this they did, even though the Oak Halls had the game in two different innings. The trouble was that Gainesville could not hit when it was needed.

The contest was a fast and exciting one, and many sensational plays were made. Watson of the home team coming in for the greater part of them. Denton's grand stand catch is also worthy of mention. Sheats had the river rats at his mercy, allowing only two hits. There would be a different story to tell if the local boys could have hit the ball when hits meant runs.

Although the Oak Halls outbatted the Palatka boys, Dillon kept the hits well scattered, not enough coming in succession to send a man around the bases.

In the last half of the seventh Kennard was put out of business and painfully injured by being run into by one of the Palatka runners, both his toes being punched into Kennard's stomach. After a delay which lasted several minutes Clark was placed in as Kennard's substitute and the game went merrily on to the ninth, when Palatka made the winning run on a steal home.

The Palatka boys are a gentlemanly set of players and know how to play ball as well as be gentlemen, and they won the game in that way. They were accompanied by a large number of rooters and quite a number of ladies who came along to see that the boys were well cheered up during their struggles.

Following is the score as it was played by innings:

First Inning.

Graham hit to short and was out at first; Sheats singled to center; Denton batted out one to his liking and planted it in right; Kennard struck out; Taylor hit to short and was out at first; Sheats and Denton dying on bases. No runs.

Merrill hit to Kennard who threw high to first and Merrill was safe. Calhoun flew out to right; Merrill stole second; Dillon fanned; Marvick batted. No runs.

Second Inning.

A Many Time Prize Winner.

National Expositions are a good index to the actual merit of the products exhibited. The judges are always experts of high standing, and their decision is made only after careful examination and exhaustive tests. It will, therefore, be a revelation to many to learn that—while lard is the most commonly used cooking fat—a vegetable oil cooking fat called COTTOLENE, was awarded Grand Prize (highest award) at the Louisiana Purchase Exposition, and cakes and pastry prepared with COTTOLENE also won a Grand Prize. Gold Medals (representing highest awards in each case) were also granted COTTOLENE at the Charleston Exposition and Chicago World's Fair. In fact, wherever it has been exhibited in competition with other cooking fats, COTTOLENE has in every case received highest award.

Eminent chemists and cooking experts unite in declaring that, in purity, wholesomeness, economy and results, COTTOLENE is far superior to lard.

team, rolled one down to third and was out at first; Watson fanned; Cragin waited and took his base on four wide ones, but was thrown out trying to swipe second. No runs.

Collins punched three holes in the air; Cochran fanned, and Paine hit to Taylor, out at first. No runs for the River Rats.

Third Inning.

Marten fouled out to third; Rabbit Graham hit to short and was safe at first; Sheats, batted, out on first, Graham going to second; Denton hit to pitcher, out on first. No runs.

Kane was Able and placed a nice one in safe territory; Peddy batted and was out at first, Kane taking second; Merrill hit to Graham who tagged Kane; Merrill went to second on a bad throw, but was caught napping, Taylor putting the kibosh on him. No runs.

Fourth Inning.

Kennard grounded to short, out at first; Taylor hit to third and was out; Mitchell hit to short, out on first. No runs.

Calhoun skied out to right; Dillon sent a long one to left, Denton making a grand catch; Marvick got his base; Collins flew out to Graham. No runs.

Fifth Inning.

Watson hit to third who threw low, Watson going to second; Cragin picked out a nice single, Watson going to third; Cragin stole second; Marten hit to second and, Watson was nailed at the plate, Cragin going to third, and Marten landed safe at first; Graham fouled out; Sheats hit to pitcher. No runs.

QUARTERMAN KILLED BY LIMB OF A TREE

Was An Employee of the Dunham Saw Mill at Paradise.

HEAD WAS CRUSHED BY BLOW

Was at His Post of Duty as Woodsman When Fatal Accident Occurred, Costing Him His Life—Remains Embalmed and Shipped Home.

H. B. Quarterman, woodsman for the Dunham sawmill at Paradise, was the victim Tuesday of an accident which cost him his life, death resulting instantly.

It was while in the discharge of his duty that the accident happened. A tree had just been felled by the choppers and a limb was left hanging in a nearby tree which was unnoticed by any of those present until it had become dislodged and struck Mr. Quarterman, who was standing directly under the piece of timber.

His skull was fractured by the fall of the limb and those present witnessed a ghastly sight, his brains oozing from his skull immediately after he was struck, and his associates realized that he was killed at once by the blow.

He had been in the employ of the mill only about five months, coming here in February and at once going to work for the above named firm, to which he proved a valuable man.

He is survived by eight sons, three of whom were employed at the mill at the time of the accident, and who accompanied the remains home. He was in the fifty-eighth year of his age, but one not knowing him would have taken him to be a much younger man.

The remains were embalmed by Undertaker McClellan of this city and shipped to his former home at Waverly, Ga., where they will be interred by the side of his wife.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stirling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

This extreme anxiety of the candidates that the dear people shall know all about campaign funds must delight the soul of Mr. Roosevelt and "My dear Harriman."

The reported interview between an emissary of Mr. Hearst and Hitchcock, the chairman of the Republican National Committee, would indicate some phony politics this year.

You have probably noticed that the Republican platform is silent in regard to an income tax. Republicans like Rockefeller, Harriman, Morgan et al are opposed to such a tax.

That was a good cartoon in The Philadelphia Record of July 14 which depicts Roosevelt trying to open the Prosperity Safe, of which he has lost the combination. Taft stands near, in evident perplexity, and a Hard Times calendar has the months from January to June marked with a cross.

"I ALWAYS CARRY A PISTOL."

The miserable and criminal habit of carrying concealed weapons is responsible for nine-tenths of the murders committed in the United States. It seems impossible to prevent the violation of the law in this particular, and The Atlanta Constitution refers to a recent tragedy in that city as a result of the reprehensible practice as follows:

"There is many a tragedy encompassed in the remark which O. E. Rutland, who, in self-defense, shot and killed L. P. Cox, let fall the other day:

"I always carry a pistol."

"Death lurks in it, and widowhood and orphanhood. Back of it is, often, the shadow of the gallows."

"There is scarce a community in Georgia in which it has not filled a grave, and left behind a remorse that time can never fade."

"Why 'always carry a pistol?'"

"The law says it is a crime, because it paves the way for other deeds of lawless violence upon one's fellow-man."

"There's scarce a man who violates that law but makes the plea of self-defense, and juries must give the benefit of the doubt, not to the dead but to the living."

"And so it is, 'I always carry a pistol' goes unwhipped of punishment, almost as often for the shot that finds its victim as for the vicious instinct that covets the concealed weapon."

"We make no war upon Rutland. The law has held him justified; doubtless he was. He felt that if he did not fire, a hatchet would be buried in his brain. And so, secure in 'I always carry a pistol,' he stood his ground, while the man with the hatchet rushed forward to his doom."

"But somehow it is hard to escape the conclusion that if he had not 'always carried a pistol,' not only he, but Cox as well, would have been alive today; that instead of standing his ground, he would have found sure means of escape, or that the crowd—there were a dozen or more eyewitnesses—would have interposed to disarm the infuriated assailant."

"It is the 'I always carry a pistol' that gives assurance to the man who might find easy means of avoiding a quarrel; it is that which keeps a continual chip upon his shoulder."

"The peaceably inclined man finds little difficulty in making safe escape; it is always the pistol 'toter' who does the damage."

"It is the concealed weapon which leaves its trail of blood, yet, deputies and courts are lenient with the man whose gun happens to be without its notch."

"While they are and the limit of the law goes unapplied to the walking arsenal, lawlessness and crime will grow and flourish."

"For sooner or later, whether in passion, malice or defense, fancied or real, some victim must fall weltering in his own blood before the inevitable onslaught of—"

"The man who 'always carries a pistol.'"

"What a race we shall see between Bryan and Taft. Both are clean men, with happy families and troops of loving friends. Both are good speakers. Judge Taft stands for all the Roosevelt policies, including those he stole from Bryan. The Republican candidate is a big man, in body, brain and heart. He is thoroughly informed as to the work of the Republican party, and is full of good humor and abounding vitality. Bryan is his equal in everything, except in averdups, and even here 'Billy' tips the scale at 222. He has a united party behind him. He has the facts of a panic under Republican administration, and the dinner pail is no longer full, and Mark Hanna is not here to make the fellows believe times are good. Whatever happens, remember it will be the fat men's race."—Arcadia News.

Talk about the benefits of advertising. Down in Zoilo not long ago a family lost a child which they supposed had strayed away from home and got lost. After searching in vain for three days the frantic parents placed an advertisement in The Telegram. Imagine the surprise of the parents upon going to the door the next morning to see a monster alligator upon the doorstep, where he had disgorged the child alive and then died himself. The "ad." cost them but 25 cents, and it gave them back their darling child; they sold the alligator hide for \$5, and the parents are showing the child in all the dime museums of the land at \$50 per week. Does advertising pay?—Wauchula Telegram.

A zealous and vigilant health officer discovered a commercial traveler scrubbing his teeth in the toilet room of a Pullman car on a train in Texas the other day, and promptly placed the drummer under arrest, lodging him in jail in Waco. The guilty man had used his own tooth brush and did not use the drinking glass in his cleaning process, but all that cut no figure with the officer. When the trial came off the health officer was astonished to learn from the court that the Texas Legislature had omitted to make it a crime for a person to clean his teeth on a train in that State, and the prisoner was released. —Pensacola Journal.

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Come to Hundreds of Gainesville People.

There are days of dizziness; Spells of headache, sideache, backache;

Sometimes rheumatic pains; Often urinary disorders.

All tell you plainly the kidneys are sick.

Doan's Kidney Pills cure all kidney ills.

Here is proof in Gainesville:

Mrs. E. H. Waters, living at 108 N. Oak avenue, Gainesville, Fla., says:

"My kidneys had been in a weakened and disordered condition for some time and I could find nothing to relieve me. I suffered greatly from headaches, and was often so dizzy that I could not stand. Seeing Doan's Kidney Pills advertised, I procured a box at J. S. Bodiford & Co's. They acted quickly, and it was not long before I received relief. I have no hesitancy in giving Doan's Kidney Pills my endorsement."

A corporation, under the style of the Lake Region Game and Fish Preserve, with its main office at Lakeland, this State, has secured the exclusive hunting and fishing privilege on 66,000 acres in the lake region of Polk county, for a term of twenty-five years, and is establishing the largest game preserve in the South. This section has more quail, it is claimed, than elsewhere in the country; they are everywhere in evidence and their number will increase with proper protection. Besides quail, wild turkeys, deer and bear are also found in large numbers in the upper part of the preserve. This preserve will be transferred to the new Seminole club now being organized, and will be used exclusively by its members. A nice club house will be erected in some desirable location near Auburndale, and hunting camps will be established in different parts of the preserve.—Times-Union.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists.

NEGROES' LEAGUE TO OPPOSE TAFT

Rev. J. M. Waldron Says They Will Vote for Bryan.

HAS MEMBERSHIP OF 700,000

Headquarters Opened in Chicago and a Large Force Employed to Organize for Bryan—Will Start a Newspaper to Espouse Their Cause.

The Jacksonville Metropolis says according to J. Milton Waldron, a colored preacher of Washington, formerly pastor of the Bethel Baptist church in Jacksonville, the negroes of the country are becoming engaged in a formidable movement against Taft.

Rev. Waldron says that all the anti-Roosevelt and anti-Taft negro organizations and their sympathizers among the colored people are being merged with the National Negro Political League, of which he is president.

He says that the league has determined to support Bryan for President, and that it will conduct a campaign of its own among the colored people of every State with the object of defeating Mr. Taft.

Along this line the following telegram was sent to Mr. Bryan last week:

"Hon William J. Bryan, Fairview, Lincoln, Neb.:

"We congratulate you upon your nomination to the Presidency by the representatives of the American people—not by the hirelings of a boss—and we predict your election next November by a handsome majority. Judging by assurances given us by our people throughout the North and West you will receive 75 per cent of the colored vote.

"J. MILTON WALDRON, D. D., President of the National Negro American Political League."

Claims Promises From Bryan.

Waldron said Mr. Bryan and other leaders of the party had given him league sufficient assurances that if Mr. Bryan is elected he and the Democratic party will treat the colored man with due consideration.

Nearly all the members of the executive committee of the Negro American Political League are residents of Washington. Of the number are Rev. Corothers, pastor of the American Episcopal Zion church, and Rev. George W. Lee, of Vermont avenue Baptist church, the largest colored congregation in Washington.

Waldron is pastor of Shiloh Baptist church.

It is asserted that the league has a membership of 700,000 throughout its various branches and organizations in affiliation with it.

Reasons for League's Stand.

Reasons for the proposed political departure of the black race are set forth in a statement prepared for publication by Waldron. It says:

"We went to Chicago with the avowed purpose of heartily supporting the Republican party should it return to the principles upon which it was founded.

"But when, on reaching Chicago, we found that more than two-thirds of the delegates to the convention were office-holders appointed by President Roosevelt and pledged to carry out his policy of destroying all those who oppose him, whether they were good men or bad, in the right or in the wrong—and when we learned from statements repeatedly made by Mr. Roosevelt's representatives at the convention that he had decided to recognize the 'Lily White' faction in the party with the avowed purpose of eventually eliminating the negro from politics in the South, in the hope of building up there a strong Republican organization, and when no efforts on our part or on the part of the old line white Republicans could induce Mr. Roosevelt's delegates to pledge the party to reinstate the discharged negro soldiers who are innocent of participation in the shooting up of Brownsville, we decided, after repeated and lengthy conferences with the more than 200 representatives assembled in Chicago from all parts of America, to oppose, with all our might and main, the election of William H. Taft to the Presidency of the United States.

Must Fulfill Its Pledges.

"This action is necessary on the part of our race in order to make the Republican party understand that it cannot in the future count on the un-

divided support of the negro unless it fulfills the many pledges made to him.

"At the conference in Chicago of our league and the officers of the dozen other political organizations which afterward consolidated with it, the league voted unanimously not to support Mr. Taft, and a committee of five—J. Milton Waldron, D. D., of Washington; E. L. Gilliam, D. D., of Ohio; George W. Gaines, D. D., of Illinois; William Monroe Trotter of Massachusetts, and Bishop Walters, D. D., of New York, to be known as an "Anti-Taft Campaign Committee"—was appointed and authorized to decide upon the best method to defeat Mr. Taft and to carry on with vigor and unrelenting zeal the war against him.

All to Vote for Bryan.

"This committee finds that the majority of the negro leaders, and their people as well, favor supporting the Democratic nominee for the Presidency.

"Every intelligent, self-respecting negro knows that he will be read out of the party if Mr. Roosevelt's policy triumphs next November and Mr. Taft is elected.

"In order to prevent this and to secure for the race justice and fair play in the future, the negro must defeat Mr. Roosevelt's candidate, and to make sure of this the negroes must cast their votes for Mr. Bryan.

"The anti-Taft campaign committee of our league has advised those who do not feel that they can do this to remain away from the polls, or vote for some other anti-Taft candidate.

"The league has opened headquarters in Chicago and has a large force of men at work in that section under the direction of Dr. Henry C. Cross, and will start a newspaper next week to work against Mr. Taft."

ARCHER ITEMS.

Archer, July 21.—Miss Louise Heagy of Jacksonville was visiting relatives in town this week.

Miss Pauline Curl, who has been in Gainesville for several weeks, is at home again.

Misses Lella Anderson and Annie Tuten have returned home, after a pleasant visit to Cedar Key. Miss Cora McDonald came with them to spend a few days.

Miss Mabel Voyle of Gainesville, Miss Lucy Jarman of North Carolina, and Miss Dorothy Gun of Otter Creek are visiting Mrs. H. Maddox.

Mrs. Georgia Hodgson of Jacksonville is spending some time with relatives here.

Mrs. Charles White of Jacksonville, who spent last week with Mrs. W. H. Powell, returned to her home Friday.

Mr. and Mrs. H. Maddox gave a reception at their beautiful home Friday in honor of Miss Jarman of North Carolina. The house and broad porches were decorated with Japanese lanterns, making everything very attractive. A jolly crowd was present and the evening was very much enjoyed by all. Delicious refreshments were served and the party left at a late hour, voting thanks to their host and hostess.

Dr. DePass and family will leave the first of August, his family going to Tennessee to spend the summer, while he is in New York. They will all return in the fall to make Gainesville their home. Dr. Rice of Tyler is here to take his place. Dr. DePass has been here about ten years, is very popular, and we all are sorry to have him leave, but wish him much success in his new field.

A number of our people went to Cedar Key Thursday on the excursion. Although it was the warmest day of the season, all report a fine day.

Mrs. W. E. Brown and family will leave the first of August to spend the month at Pablo Beach, where they have a cottage rented.

Fleming & Sons have commenced work on their new cement store.

The death of Mrs. Cubberly caused sorrow to her many friends here. She had gone to Inverness to visit her son, Mr. Ratio Cubberly, when she was taken suddenly ill and died in a few hours. Her body was brought here to be buried by the side of her husband, who died a number of years ago. She was a faithful member of the Presbyterian Church and a noble woman in every way. Besides many friends to mourn her loss she leaves one daughter, Mrs. Arthur Reid of Newberry, and two sons, Hon. Fred Cubberly of Cedar Key and Mr. Ratio Cubberly of Inverness.

Miss Minnie Suavelly is visiting Miss Lizzie Wood in Boston, Mass.

Lee Hughes and sister, Miss Grace, left Tuesday for Daytona to spend a few weeks.

Miss Bessie Pates' friends will be glad to know that she is very much improved.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. J. W. McCollum & Co.

Omnibus Struck by Train.

Birmingham, Ala., July 21.—The omnibus of the Oaks hotel, at Tuscaloosa, was struck by an engine of the Birmingham and Gulf railroad at the Mobile and Ohio depot there and Jno. A. Fraler, of Birmingham; Denton Love, of Baltimore; S. B. Paisley, of Selma; C. C. Bevin, of Cincinnati, all traveling men, were hurt, though not seriously.

Well-to-Do Farmer Killed.

Birmingham, Ala., July 21.—J. C. Elliott, a well-to-do farmer, was cut across the abdomen and killed Saturday morning at Vincent, in Shelby, and James Conshutt, another farmer, is accused of the crime. The two men quarreled over a trivial matter. Elliott leaves a family.

BLACKSMITH IN RACE.

Campbell Opposed by Honest Smith for Governorship.

Dallas, Tex., July 21.—Next Saturday the democrats of Texas will decide at their primary whether to elevate a blacksmith to the governorship or to retain Governor Campbell in that office.

The blacksmith who is opposing Governor Campbell is H. R. Williams of Cumby. Williams served one term in the legislature eight years ago. His slogan against Governor Campbell is that the latter has injured Texas by his extreme anti-corporation policy. Williams has been visited by many delegations during the campaign and has received them in his blacksmith shop, talking to them while he shod horses or sharpened plowshares.

The race of Williams, the Texas blacksmith, for the governorship recalls the fact that the first democrat to serve as governor of Georgia, after the overthrow of the reconstruction regime, began life as a blacksmith. Governor James Milton Smith, who came into office after Bullock and Conley, worked at the forge in his early manhood. While working as a blacksmith at Culloden he read law and was admitted to the bar, beginning the practice of his profession later at Thomaston. For a long time the people of Culloden pointed out the old blacksmith shop where Governor Smith used the hammer and also studied Blackstone.

New Safety Device for Trains.

Washington, July 21.—A new device designed to promote the safety of passengers and the employees on railway trains will be tested in Chicago on July 25 by the Block Signal and Train Control Board of the interstate commerce commission, which is in session here. It is claimed for the device that it will automatically stop a train and should the test prove a success the board probably will recommend it for adoption by the railroads of the country.

Was in Poor Health for Years.

Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." BRIEF DISPATCHES.

Rain has stopped the forest fires in the Maine woods.

Five persons were drowned in the rivers and streams about Philadelphia last week.

Ruef, the former Frisco political boss, is to stand a third trial on bribery charges.

Violent storms which have been raging in the Valley of Ebro, in Spain, have done enormous damage.

Roy Galloway was drowned in the Chattahoochee river at Bolton, Ga., while in bathing with several companions.

Floods have washed away the village of Jussey on the Galician estate of Archduke Stephen. Twenty-two people have been drowned.

Forty-four artillerymen were taken violently ill after eating canned meat in the canteen at Cherbourg. One died at the hospital and several others are in a critical condition.

The first heat in the semi-final of the 100 metre swim, Olympic games, was won by Dehalmay, of Hungary. Time 1.09 2-5. July, of Sweden, second, and Hebrer, third.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. LEGAL ADVERTISEMENTS.

NOTICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that the undersigned will on the 15th day of August, A. D. 1908, apply to the Governor of Florida, at his office in Tallahassee, Florida, for letters patent for Archer Crates and Basket Company, under charter of which is now proposed to be incorporated in the State of Florida. A true copy of the proposed charter follows our said proposed charter hereto and is made a part of this notice. This notice is given in compliance with the provisions of section 2649 of the General Statutes of Florida.

Articles of Incorporation of the Archer Crates and Basket Company.

Article 1—The name of this corporation is the Archer Crates and Basket Company, and its principal office and place of business shall be at Archer, Alachua county, Florida, but the board of directors may establish such branch offices, agencies and other places of business at other places in the United States and foreign countries as may be deemed necessary.

Article 2—The general business to be conducted and engaged in is to do any or all of the things herein set out to the same extent as natural persons could or might do, that is to construct and maintain a general manufacturing business, to buy and sell goods, wares and merchandise of all kinds and descriptions, to operate a general mercantile business, to buy, sell and manufacture chemicals and fertilizers at wholesale or retail.

To manufacture crates, carriers and baskets, boxes and other similar articles and to manufacture lumber and operate mills, factories and plants for the manufacture and sale of lumber and its product.

To manufacture ice and deal in the same, and to build and operate cold storage rooms and refrigeration processes.

To produce electricity and distribute the same for light, heat and power and other purposes, and to deal in and supply water for all proper and useful uses.

To buy, sell, hold, use and lease and real estate, and to mortgage the same and to acquire, hold, sell and dispose of mortgages on real estate; to enter into, make and perform and carry out contracts of every kind with any person, firm or corporation; to have and hold all the rights, powers and privileges granted to corporations under the laws of Florida.

The foregoing shall be construed both as to its objects and powers, and is hereby expressly provided that the foregoing specific powers shall not be held in any way to limit or restrict the powers of this corporation.

Article 3—The capital stock of this corporation shall be Ten Thousand Dollars, divided into 100 shares of the par value of One Hundred Dollars each. Said stock shall be paid for in cash, or in property, or by labor or services at a just valuation to be fixed by the directors at a meeting to be called for that purpose.

Article 4—The term for which this corporation shall exist shall be ninety years.

Article 5—The business of the corporation shall be conducted by a President, Vice-President, Secretary and Treasurer and a General Manager, and a Board of Directors to consist of not less than three members. The duties of any two of the above officers, except as provided by the by-laws, may be held and discharged by the same person. The business shall be conducted by R. D. Medlin, President; M. H. DePass, Vice-President, and C. D. Wood, Secretary and Treasurer, and R. D. Medlin, M. H. DePass, C. D. Wood and M. Venable shall compose the first Board of Directors until the first annual meeting of stockholders to be held on the third Monday in August, 1908, and annually thereafter on said date. The officers of the corporation shall be elected or appointed by the Directors, annually, immediately after the annual meeting of the election of Directors by the stockholders. Each stockholder shall be entitled to one vote for each share of stock owned by said stockholder.

Article 6—The highest amount of indebtedness or liability to which this corporation can at any time subject itself shall be Twenty-five Thousand Dollars.

Article 7—The following persons are the subscribers to this charter and articles of incorporation and have each subscribed to and for the number of shares set after their names: C. D. Wood, 20 shares; M. H. DePass, 20 shares; M. Venable, 20 shares, all residing at Archer, Florida, and R. D. Medlin of Gainesville, Florida, 20 shares, and Fred Cabberry of Cedar Key, Florida, one share.

The foregoing articles of incorporation are this day approved and adopted as the proposed charter of a corporation to be known as Archer Crates and Basket Company at a meeting of the subscribers and incorporators held for that purpose, at Archer, Alachua county, Florida.

In witness whereof, we have hereunto set our hands and seals this 12th day of July, A. D. 1908.

DO YOU WANT TO

MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

Deputy Clerk M. S. Cheves yesterday made a flying business trip to Jacksonville, returning in the evening.

The big sale still continues at Burklim's. Everything in the line of clothing must be sold. Get the habit, L. J. Burklim.

Lost, on July 11th, gold ring with 24 pearls, three tip diamonds, in oblong setting. Very liberal reward for return to Sun office.

Capt. T. H. Willard, who is conducting a successful mercantile business at High Springs, was among the business visitors to Gainesville Tuesday.

Wes Eady, colored, who was wanted here on a charge of selling whiskey, and who jumped his bond of \$500, was yesterday arrested in Jacksonville and brought back here and placed in the county jail.

R. L. Tison of Trenton, who has been in the city for the past two days, returned to his home yesterday, accompanied by his wife and child, who have been visiting relatives and friends here for several days.

Miss Alma Miller of Jacksonville, who has been here for some time on a visit to Miss Eugenia Fagan, was returned to her home. She was accompanied by Miss Fagan, who will pay her a return visit. Miss Miller made many friends while here who trust that she will visit the city again soon.

Wock has again been resumed on

East Main street north. W. J. Cromwell is now supervising the work of paving and he proposes to push the work to completion without further delay. Yesterday he had the steam roller out for the purpose of putting the finishing touches to a part of the street that has been paved this week.

Complaint has been made to The Sun that someone in authority has ordered that the streets be repaired with saw dust, and that many loads of this matter were yesterday dis-

tributed in the holes of the street in various sections of the city. It is claimed that this will breed disease and besides, from the unsanitary nature of the rotten wood, cause a stench to arise that will be almost unbearable. The proper authorities should give this matter their attention at once.

The big sale still continues at Burklim's. Everything in the line of clothing must be sold. Get the habit, L. J. Burklim.
